

Ford Transit Versalift 36NF Working Height: 12.9

Weekly Hire: £325.00

An articulated boom mounted on top of a van offering storage space and load carrying capacity. These units are the ideal choice for those carrying tools and equipment between jobs. Their ability to travel quickly between sites and to set up and be operational within minutes makes them popular with Lighting, Telecommunication & Security contractors. This van can be driven on a car driving license.
