

GROUND PROTECTION mats

Lightweight and versatile, our **GROUND PROTECTION** mats offer the perfect solution for moving vehicles and heavy machinery across soft ground. Create temporary low-cost roadways and surface areas using our Easy Join connectors for flexible configurations with minimal ground disturbance.

- Non slip extruded surface on both sides
- Lightweight and easy to handle
- Produced from extremely high quality, high density polyethylene (HDPE)
- Low-cost & flexible temporary ground protection

INTEGRATED HANDLES

Integrated handles designed to be easily gripped so they can be safely lifted and manoeuvred around the work site.

SAFE & SECURE

Non slip extruded surface for maximum grip and resistant to water, corrosion and splintering...they're built to last!

TOUGH ENOUGH

Engineered to withstand heavy load transfers, providing maximum strength and support with minimal disturbance to the ground.

FLEXIBLE CONFIGURATION

Create temporary road and trackways using our Easy Join connectors for a low-cost and safe surface area.

PRODUCT	LENGTH	WIDTH	HEIGHT	WEIGHT	LOAD CAPACITY (TONNES)
IP-72032	1800mm	900mm	12.7mm	24kgs	40(maximum)
IP-72011	2880mm	1440mm	15mm	65kgs	65(maximum)
